Price List

FALL 1953 — SPRING 1954

DESIGNING AND PLANTING

You will find our service
Reasonable, Reliable, Efficient

INTRODUCTORY

Plants listed in this catalogue are first quality, state-inspected stock. They are properly dug, balled, and burlapped; and are free from injurious insects, diseases and obnoxious weeds.

Prices listed herein include delivery. Planting is done at one-third additional for which we furnish all necessary peats, fertilizers and manures to properly condition the soil. (This is extremely important.) And includes a one-year guarantee. This guarantee only covers plants that are planted by the nursery staff.

AZALEAS

Our azaleas are all sheared, shapely field grown specimens. Grown in the rich deep loams of Northern Virginia; they are zero tested and will thrive in the Northern Virginia area better than those grown farther south.

Prices of all varieties as follows:

8 to 10 inch spread	\$1.50
10 to 12 inch spread	2.50
12 to 15 inch spread	3.50
15 to 18 inch spread	4.50

We are constantly trying to improve the quality of our plants and service, realizing that the satisfaction of our customers is our greatest asset. Our policy has always been to furnish the best possible stock at reasonable prices. We have gotten much satisfaction from the realization that anything worth doing is worth doing well. You may be assured that every effort will be made so that our service will merit your confidence and friendship.

NORTHERN VIRGINIA NURSERY

"My wife and I are both very much pleased with the plants. They appear to be extremely healthy."

J. D. H.,
Falls Church, Va.
